

ALANNIA GUARDAMAR: YOUR BEST CHOICE FOR ORIENTEERING IN SPAIN

ALANNIA GUARDAMAR

Alannia Guardamar is a new way to rest, enjoy and live memorable experiences in unique surroundings close to the sea and nature in the heart of the Mediterranean. Its location is privileged thanks to its proximity to the famous Guardamar Dunes, declared a Site of Community Interest (SCI), where you can practice a multitude of adventure sports, especially training and orienteering activities.

DUNES OF GUARDAMAR DEL SEGURA

800 HECTARES OF DUNES AND PINE FOREST

It is one of the most beautiful spots on the Costa Blanca, which connects with the inherent values of the sport of orienteering: contact with nature, physical practice based on a very healthy endurance activity, the acquisition of technical knowledge that can be applied to everyday life and the interrelation that exists with other adventure sports.

Guardamar del Segura has the lowest rainfall in Europe (250mm/year), mediterranean temperatures with an average of 17° in January and 29° in August, as well as the most important dune forest in the Mediterranean with 11 km of nature that make this environment the most ideal place to practice orienteering sports at any time of the year.
