Quiet hours are from **00:00 to 08:00** (night silence). During this time, the use of devices that may cause noise or other disturbances (e.g., TVs, radios, instruments) is strictly prohibited.

During the day, guests, their devices, and pets must **not disturb others**. Keep the volume low even outside of quiet hours, and always respect the principles of good manners and coexistence.

The use of speakers is not permitted on accommodation premises (inside plot boundaries) or in communal areas (e.g., swimming pools, playgrounds). Activities that may disturb others, such as ball games, are also prohibited. Designated sports areas are available for such activities.

Gatherings of more than 12 people in or around any accommodation are not allowed. Speak quietly and ensure you do not disturb others or disrupt order.

Resort staff reserve the right to determine whether the noise level is acceptable and may prohibit any disturbances.

BARBECUES

On plots, **electric, gas, and charcoal/wood barbecues are allowed**.

For bungalows, barbecues may only be held behind or beside the accommodation, exclusively in ground or gravel areas. They are **not permitted on verandas or artificial grass**.

For studios, barbecues are allowed at the back in the gravel area.

Barbecues outside your accommodation's boundaries (e.g., empty plots, roads, or communal areas like parks or pétanque courts) are prohibited.
