

## ENVIRONMENTAL POLICY

At *ALANNIA RESORTS* we are committed to environmental protection and business management focused on minimizing and reducing environmental impact. The management of *ALANNIA RESORTS* had a dream, a dream come true:

**SUSTAINABLE ALANNIA, the planet deserves these holidays.**

Our commitment to the planet:

**We are SKYFANS; for a healthy open air living:**

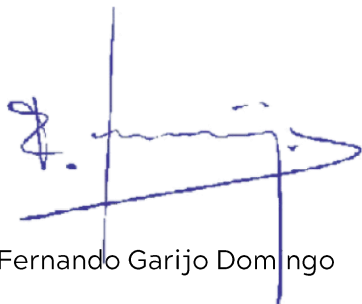

- Obtaining the "Carbon Footprint Calculation" seal for all resorts.
- Reduction of Carbon Footprint (t CO<sub>2</sub> eq / thousand guests) in 5% over previous year.
- Reduction of company electricity consumption (kWh/thousand guests) by 8 % compared to the previous year, supported by installation of photovoltaic panels and increased LED lighting.

**We are LOVING FOREST; for the protection of flora and fauna:**

- Create a flower garden in all our resorts to attract bees and butterflies.
- Increase pool treatment by saline electrolysis, to decrease the use of chemicals.

**We are OCEANS FOREVER; for the protection of marine life:**

- Provide waste sorting training to all our employees, subcontractors and guests, aiming to increase our recycling rate by 3% over the previous year.
- Reduce the use of single-use plastic packaging by eliminating or replacing it with cleaner products.
- Reduce water consumption per guest (l/guest) by 3% compared to the previous year, through flow control at terminal points.
