

ENVIRONMENTAL POLICY

At ALANNIA RESORTS we are committed to environmental protection and business management focused on minimizing and reducing environmental impact. The management of ALANNIA RESORTS had a dream, a dream come true:

SUSTAINABLE ALANNIA, the planet deserves these holidays.

Our commitment to the planet:

We are SKYFANS; for a healthy open air living:

- Obtaining the "Carbon Footprint Calculation" for 2022 in all our resorts.
- Reduction of Carbon Footprint (t CO2 eq/Thousand guests) by 5% in 2023 compared to 2022.
- Reduction of company electricity consumption (kWh/Thousand guests) in ACB, AG and AEP by 8 %, by installation of photovoltaic panels.

We are LOVING FOREST; for the protection of flora and fauna

- Create a flower garden in all our resorts to attract bees and butterflies.

We are OCEANS FOREVER; for the protection of marine life:

- Provide waste sorting training to all our employees, subcontractors and guests.
- Check flow limiters on all taps.
